EXPERIENCIA LABORAL

HIGH SCHOOL TEACHER

Consorci Barcelona

2022 - 2024

Taught English language skills to high school and college students, improving reading and writing performance by 25%. Implemented digital distance learning tools, increasing participation in online classes by 15%.

CUSTOMER SERVICE

ETT

2015 - 2022

Managed customer queries and complaints with a satisfaction rate of over 95%. Collaborated in the optimization of customer service processes, reducing response time by 30%. Implemented effective complaint management strategies, improving team efficiency and keeping accurate records of interactions

FEATURED PROJECTS

BOOKING PLATFORM REPLICA

Full Stack Developer

- Created a functional replica of the Booking platform using React for the frontend and MongoDB for the database, demonstrating skills in booking management, intuitive user interfaces, and user flow.
- Implemented accommodation search and filtering functionality, user management, and authentication system, focusing on a seamless and functional user experience.

DANA WEB SUPPORT PLATFORM IN VALENCIA

Frontend Developer (Volunteer in Adopta un Valenciano)

- Collaborated in the creation of a website aimed at helping those affected by DANA, facilitating the connection between people in need of accommodation and volunteers willing to offer their homes and commercial spaces.
- Used JavaScript and React to develop an intuitive and accessible interface. Despite the bureaucratic challenges faced during the process, we successfully delivered a functional platform that stood out for its commitment to community support and social impact.
